

Centering Our Stories

A Community Building Space for BIPOC Staff

Through storytelling, we will co-create a space where BIPOC staff can connect and strengthen their relationships with a restorative justice practice framework centered on our collective voices, expertise, and wisdom.

We invite staff who are members of our staff-registered organizations who have co-sponsored this series; BCH Black Caucus, Black Caucus at UCSF, Asian Pacific American Systemwide Alliance, United Filipinx Association, and Chicanx Latinx Campus Association.

This series is a partnership between the CARE Program, Restorative Justice Practices, and Financial and Administrative Services.

This space is open to all UCSF staff.

Sessions will be hosted virtually starting October 2024.

Get more information and register for sessions <https://careadvocate.ucsf.edu/events>.
